Summary

Are you currently working on your shiny new startup? I work with entrepreneurs, building prototypes for their startup ideas, testing assumptions, helping them acquire technical skills and guiding them through the process of lean product creation.

I CAN HELP YOU BUILD:

- Web application prototypes (Python/Django/Flask) in order to pitch your idea
- Build/Scale Django web applications (Postgres, Redis, Celery, AWS, S3)
- APIs (Django Rest Framework)
- Data Analytics applications, extract meaning from data (pandas)
- Machine Learning Pipelines: Supervised/Unsupervised/DeepLearning (scikit-learn)
- Natural Language Processing, Chatbots (spaCy, NLTK, gensim)

EXPERIENCE:

I'm a core Web Developer/Data Science with 4+ years of professional IT experience. I have experience in server side framework like Python, Django/Django REST, Flask, etc. I've helped clients build/scale their startups in various industries: legal tech, finance, retail, market research, cybersecurity, analytics, gaming, online publishing.

ABOUT ME:

- Information Technology Diploma
- 100+ Python Development
- 40+ Web Development and Data Science
- 10+ Flutter Development
- 5+ React.js Development

FAQ:

Q: What are your favorite technologies/libraries?

A: I really enjoy working with the Django web framework. Other libraries I love are spaCy, pandas, scikit-learn, etc.

Q: What times are you available?

A: I currently live on GMT timezone. Depending on the type of the work, I try to have as many overlapping hours.

Q: What is your book about?

A: NLP-FOR-HACKERS teaches Natural Language Processing to already experienced developers by building practical projects with real-world data using clean/error-free Python3 code.

Best,

aakash.

Experience

Python Developer

Self employed

Mar 2016 - Present (4 years 8 months +)

Freelance Tutor (Python)

Freelance

Jun 2018 - Present (2 years 5 months +)

I'm a core Web Developer with 4+ years of professional IT experience. have experience in server side framework like Python, Django/Django REST, Flask, etc. Availability: 40+ hours per week I'm am looking for innovative and challenging assignments.
